

PT. EASY TRADE offering now the most “EASY WAY” to track & trace your vehicle.

With our own “SMS Server” we are able to support and offer our customers an EASY WAY of tracking their car('s).

This functionality, by simply sending an SMS to our server the customer will receive an SMS back with details and point of location of their car('s), including POI when close to it.

For more details and to get on line with this feature, please contact our sales department
